

BLUEPRINT BUILDER

Blueprint Builder Learning Activities

Introduction

Start the conversation. Learn how WorkBC's Blueprint Builder provides valuable resources for students to:

- Explore careers
- Map interests to careers
- Find in-demand occupations and learn about B.C.'s regions
- Investigate the benefits of co-op programs
- Learn about Apprenticeship Job Match
- Start planning a career path
- Get information on training and financial aid
- Find out about job search supports and B.C.'s job boards

You'll find ways to introduce your students to WorkBC.ca and to make the best use of the resource. You can help them access WorkBC tools, such as the Career Compass self-assessment quizzes, Career Trek videos and more, so they can think about potential careers.

Lesson Plans

You'll find the Blueprint Builder Teacher's Guide and lesson plans on the Counsellors, Teachers & Parents page under the Resources For section of WorkBC.

You can also access the lesson plans directly here:
