**PROGRAM OVERVIEW**

The Ministry of Advanced Education and Skills Training (the Ministry) welcomes applications from employers from across the province. Information collected through the [Skills Training Grants System](#) will be used to assess applications on a case-by-case basis. The Ministry reserves the right to request additional information from employers at any time during the assessment process to assist in determining eligibility and value for money. Assessment decisions may be delayed, or applications denied, if employers are unable to supply additional information promptly.

Approval of an application does not constitute an endorsement of any training provider, course or program. Previous approval of a training provider, training delivery method, course or program does not guarantee approval in the future. All decisions on the eligibility of employers, participants, training providers, training programs and reimbursable costs will be made at the Ministry’s sole discretion.

Information provided in applications is subject to audit and verification to ensure that it is accurate, and the Ministry reserves the right to contact participants, trainers or any other person to substantiate reimbursement claims, training activities, records or other related matters.

Employers and participants may be contacted during or after their participation in the program to ensure that training is contributing to the objectives and expected outcomes of the program and, further, to contribute to continuous improvement of the program.
