

B.C. Employer Training Grant (ETG)

Eligibility Criteria

The Ministry of Advanced Education, Skills and Training (The Ministry) will assess applications on a first come, first served basis. Approval of applications does not constitute an endorsement of any training provider or particular training course or program. Previous approval of a training provider does not guarantee approval in the future. All applications are assessed on a case-by-case basis.

Please note that all decisions regarding the eligibility of employers, participants, training providers, training programs and reimbursable costs will be made by the Ministry at the Ministry's sole discretion. Where the Ministry determines that there is a real or perceived conflict of interest in the choice of participants, training provider and/or training programs, the Ministry reserves the right to deny an application or a claim on that basis. Refer to Appendix D for examples of situations where the Ministry may deem a conflict of interest.

Quality assurance sampling and audits will be used to verify information provided. The Ministry reserves the right to contact participants, trainers or any other person in order to substantiate reimbursement claims, training activities, records or other related matters.

Appendix A – Requirements for Employment Insurance (EI) and Income Assistance (IA) Clients Participating in the ETG

The goal of the B.C. Employer Training Grant is to help unemployed and employed British Columbians access the skills training they need to adapt to the changing requirements of jobs and the labour market while encouraging employer involvement in training of their employees.

Individuals who are active claimants in receipt of Employment Insurance (EI) Part I benefits or British Columbia Employment Assistance clients in receipt of Income Assistance (IA) may be eligible for training funded through the ETG if prior approval is obtained from the Ministry of Social Development and Poverty Reduction (SDPR). EI or IA clients who do not obtain pre-approval before participating in training may become ineligible for continued financial supports under EI or IA.

Where an employer wishes to train and hire an individual who is currently an EI or IA client, the following steps must be taken before starting training:

Employment Insurance (EI) Clients

- When applying to the ETG, the employer must indicate on the application form that they are applying for training for a participant(s) who is currently an EI recipient
- Participant Information Forms must be submitted at least five days prior to the training start date

Appendix C – Details on Travel Policy and Maximum Reimbursement Rates for Travel

The intent of covering travel costs is to provide access to training for participants living and working in rural and remote communities in British Columbia who would not otherwise have access to equivalent or similar training. Travel costs are eligible when all of the following conditions are met:

- The participant lives **and** works in a community with a population of 25,000 or less, located outside the geographic boundaries of metro Vancouver; and
- The distance from the community where the participant lives and works to the location of the training is greater than 100 km one way. Exceptions might be made when the community is geographically isolated, for example mountainous or island communities

The ETG will cover a percentage of the eligible travel costs depending on the stream the training falls under. The Foundational Training Stream covers 100%, the Technical Training Stream is 80%, and the Workforce Training Stream covers 60% up to the maximum allowable amounts.

NOTE: Approval of travel expenses is **conditional** upon reimbursement and must fall within the eligible costs to be fully reimbursed. Travel costs will be reviewed once an employer has submitted their reimbursement claim. The Ministry reserves the right to determine at reimbursement whether travel costs are eligible and reasonable in relation to the cost of training or for any other reason. Travel costs will not be reimbursed if not pre-approved and included in a ETG Agreement.
