

Job Creation Partnerships (JCP)

Supporting community-based projects that offer meaningful work experience and skill-building for unemployed eligible clients, while strengthening local economies.

Examples of Previous JCP Projects:

Arts Administration & Event Coordination

Media, marketing, design, and event planning for a major community arts event.

Community-Based Feasibility Study

Research, community engagement, data collection, and marketing strategy development.

Construction

Hands-on experience in construction, including site preparation, basic carpentry, safety training, and teamwork on community projects.

Environmental Stewardship

Habitat restoration, invasive species removal, interpretive signage creation, and data collection supporting local conservation.

Digital Archiving & Records

Office and technical experience building digital archives and cataloguing community records.

Events & Tourism

Event planning, community engagement, volunteer coordination, and marketing skills to support a major community tourism event.
