

# Project-Based Labour Market Training (PBLMT)

Helping participants gain the skills, experience, and confidence needed for sustainable employment in high-demand occupations through training, inclusive practices, and structured work experience.

## Examples of Previous PBLMT Projects:

### Healthcare

Training for in-demand healthcare roles, including Dental Assistants, Health Care Aides, and Medical Office Assistants.

### Construction & Trades

Foundation-level training in skilled trades such as plumbing, electrical, carpentry, and facility or building maintenance.

### Care Economy

Career-focused training for roles including Early Childhood Educators, Community Support Workers, and Peer Support Workers.

### Business & Creative Services

Training in business and service roles such as bookkeeping, graphic design, and retail.
